We are so pleased that you were able to join us for the 15th annual conference of FLAFCC. For those of you who were not able to attend, our Plenary and Workshop speakers were all top-notch.

From the opening Plenary Session when Peggie Ward, PhD and The Honorable Marjorie Slabach gave us invaluable information about Overcoming Parent Child Contact Problems to the final Plenary Session on Cyber Security issues about the Weaponization of Technology in Family Law Cases which had all of us not only turning off our phones but sitting on the edge of our seats, every presentation gave us something that we could take back to our offices for daily use.

And who had a chance to pet the two Facility Dogs who not only traversed the halls with us between sessions but whose handlers gave us such an interesting presentation on their contributions to alleviating trauma for children involved with a legal case? We could go on and on about every Plenary Session and every Workshop, but realistically you will just have to attend next year to come back as excited as every attendee was at this year's Conference!

So that you will not let anything interfere with attending the 16th annual Conference next year titled, Searching for Solutions, we wanted to let you know that the dates will be September 23 through September 25, 2020. We will again be partnering with OSCA and we will be at the Florida Hotel and Conference Center in Orlando. Put those dates on your calendar right now so that you can attend another fantastic and informative FLAFCC Conference. You will receive continuing education credits while having a chance to learn and connect with others who also feel strongly that working with families as they go through crises that bring them into the legal system should be an opportunity to help them grow in a positive manner rather than engaging them in a war that creates permanent wounds.

In the interim we know that you will be pleased to know that our Family Court Intake Task Force will have its Clearinghouse online on the FLAFCC website by the end of the year. What a great opportunity that will be to help those who are using the Family Law system to access it more easily and find out how other states are handling these issues. Look for that on our website along with recent information regarding Elder Caring Coordination, and other important information about what FLAFCC is doing. Now is the time to get involved in what interests you. Renew your membership when you get the email from AFCC so you do not miss anything!

Best regards,

Craig Fabrikant, Ph.D.
